

Ruskin Dampers

**The Best
Dampers in the
Industry...**

On Time, Every Time

For over 50 years, Ruskin has been a leader in designing and manufacturing durable, high performance dampers and louvers. QualTech NP's heritage spans over 40 years supplying safety-related products and services to the nuclear power industry.

Together, through an exclusive nuclear partnership, Ruskin and QualTech can assure supply of safety-related dampers and louvers that meet your specific applications.

Our experienced engineering and operations teams create and support these products to meet your exacting needs. With Ruskin and QualTech you get custom-built dampers—on time, every time.
